

Skilled Turner – Aerospace

Full Time/Permanent

(Twilight Shift - Mon to Thursday 4pm-2.30am)

We are seeking a skilled Lathe Turner to join our globally recognised aerospace manufacturing division. The position is immediately available on a twilight shift (3 months' probation will be on day shift). You will be working with an experienced team to produce precision engineered aircraft components.

The desired candidate will be time served to a minimum standard, City and Guilds Level 3 or equivalent. They will be expected to work on various components to fine tolerances and be capable of screw cutting. A knowledge of CNC turning is essential.

Main duties

- Turning.
- Machine set up / Programming.
- Reading and understanding of customer drawings.
- Ensuring components meet the required quality standard.
- Production of high volume close tolerance parts.
- Meeting tight deadlines.
- Competent use of DMG MORI with MAPPS control system

Competitive Salary dependant on ability and skill levels.

Hours: Day Shift 07:00 – 16:00 Mon to Fri – 39 hrs per week

Twilight Shift 16:00 – 02:30 Mon to Thu – 40 hrs per week (shift enhancement applies)

Person Specification

- Fully skilled time served engineer/tool maker with Turner experience
- Aerospace experience preferred
- Knowledge of ISO based control systems would be beneficial
- Used to working to fine tolerances
- Able to work under own initiative or as part of a team
- Flexible, courteous, friendly and positive approach
- Discretion and professionalism at all times

The successful candidate will have the opportunity to join a thriving aerospace company based in Swindon, the role will allow you to work in a thriving manufacturing department that is consistently growing.
